

BUDGET SUPPORT MODALITY as reflected by the national/sector public policy supported (4 levels of results / indicators / Baselines / Targets / Source of Data - no activities)

Caveat: the indicators used in the LFM refer to the budget support intervention logic. They help monitoring the implementation of the programme in view of its objectives and later evaluate its contribution to country policy's achievements. The list of indicators below should not be understood as the list of indicators informing the disbursement of variable tranches and spelled out in the relevant part of the financing agreement signed with the partner country, although some indicators may be used for both purposes and will be marked accordingly (in bold).
